Subject: Affidavit

Scott,

Jennifer forwarded me your email. What we would like from you is an affidavit (rather than a report) setting forth your credentials and former employment role at HHSC. In addition, a short statement that (1) you were asked to meet with the lawyers for ETMC on ____ date; (2) that you met with them and that they asked you for your opinions regarding ETMCA's participation in the UPL program, and (3) that you told them that in your opinion, the financing mechanism that ETMC utilized to fund the State of Texas' share of the UPL program (related to ETMCA) was an improper provider related donation. This is simply the factual information that you relayed to me at our prior meeting.

Thank you again for your time.

Dean Gresham

Subject: EMTC Report - Scope of Work

Hi Jennifer,

Could you briefly outline in a few sentences the purpose of report and the type information that would need to be addressed in the report F&G would like for me to prepare?
